Features

The CQT1752GR grain scale has been developed specifically for agricultural use to calculate the potential yields and quality of the grain crop and it's development. It is a simple, low cost solution that can be used in the field. The compact design and battery power operation makes transportation simple. Easily taking readings where the grain is located without the need of external power sources. The stainless steel pan can be removed for quick clean ups and the colour coded keypad and smart functions makes operation trouble free.

- 3 Weighing units
- Full range tare
- Backlit LCD display
- Stainless steel pan
- ShockProtect™ overload three-point protection
- Lock down mounting slot for Kensington™ type lock and cable
- Removable draught shield (120mm pan size only)
- Lightweight and portable
- Modern low profile design
- Colour coded, sealed keypad
- External calibration
- Auto sleep / power down function to save battery life
- AC Adapter
- Low battery indication
- Below balance weighing with hanger

Specifications

Model	CQT 1752GR
Maximum capacity	1750g
Readability	0.05g
Repeatability (S.D.)	0.1g
Linearity (±)	0.1g
Typical stabilisation time	2-3 Sec
Units of measurement	Gram (g)
Pan Size	4.7" Ø / 120mm Ø
Power supply	12VAC 150mA
