MCW allows medical professionals and health practitioners to gather weight and BMI measurements of people with limited mobility. With sturdy construction, stability, and easy accessibility, the MCW allows patients to relax during the weighing process. To allow personalized adjustments, foot rests and arm rests pivot for added comfort. Swiveling wheels allow the chair to be moved and maneuvered conveniently into the ideal location. **Features**

- Color-coded keys facilitate quick recognition of the most frequently used buttons
- Splash-proof housing, keypad and display are easy to clean
- Footrests and armrests pivot for easy patient accessibility
- Wheels swivel, allowing easy movement
- BMI (body mass index) indicator
- Zero-tracking feature ensures display returns to zero reading
- Bright LED display for easy viewing in most environments
- Rechargeable battery included for operation almost anywhere
- AC adapter included
