Features

The Model 6103 is perfect for use in pizza parlors, sandwich and salad shops, bakeries, convenience stores, delicatessens, restaurants, bars - anywhere portion control is required to maintain product quality and save on ingredient costs. Get accurate weight measurements every time, while the innovative “touchless” zero mechanism increases operator efficiency, greatly extends life of the scale, and enhances food handling safety.

Features & Benefits

- Innovative “Touchless” Zero Mechanism
Just wave or place your hand over the display to zero the scale. This feature significantly improves hygiene, while eliminating the physical wear and tear on a normal button switch mechanism.
- Easy to Read
Angled six digit LCD display with large 0.5” (12 mm) characters.
- Easy to Use
User friendly interface keeps operation simple and reduces training time.
- Easy to Clean
Removable stainless steel platter, detachable display and bracket.
- Accurate
Weigh anywhere on the platter – even in all four corners.
- Full Capacity Zero
Weigh each ingredient as it is added
- Superior Durability / Quality Construction
Stainless steel weighing area with welded corners and full skirt around perimeter of the base. Heavy-duty load cell and load stop mechanism ensures long life.
- Low Profile

Only 2.5" (64 mm) tall. Perfect for use on top or recessed into prep table.

- Internally Configurable Units of Measure
Decimal pounds, ounces, or grams.
- I/O Port
RS-232 serial output for interface to software programs, enabling inventory control.
