Features

The Detecto 475 mechanical medical chair scale is reliably built for patients with special health care problems. Sturdy construction combines with time-saving design features in the most functional chair scales available anywhere. With heavy-duty understructure, these Detecto medical scales come fully assembled and ready to use. Pleasing tones blend with any clinical environment and these units can be used in relatively small spaces - on carpet or tile.

Oversized wheels facilitate movement of scale from place to place.. especially over thresholds and elevator entries. Lift away arms allow patient to be positioned in chair scale with ease. Footrest lifts up and out of the way for safe patient seating as well as for convenient scale transport.

Die-cast, easy to read beams are readable from both front and back. Black vinyl upholstery is complimented by the metal supporting structure.

Specifications:

- Flip up footrest and lift up arms for ease of patient access
- Oversized wheels for easy transport
- Die cast beam is easy to read from both sides
- **Seat size:** 17.5" H x 17.5" W
