Features

DETECTO's PZ series wireless ingredient scales provide a wireless connection between the scale base and indicator which means cables never get in the way for busy food prep stations. The PZ series feature a 14 in x 14 in stainless steel platform, 30 lb or 60 lb capacity, large 1-inch-high LCD readout, quick response time, wall-mounting bracket, and NSF certification. The unique Wave-a-Weigh hands-free tare function lets you remove the tare weight without ever pushing a key. This exciting feature allows quicker and cleaner food prep in busy commercial kitchens via the photo eye for touch-free tare functionality (push button tare also included). The PZ30W and PZ60W come with everything necessary to get you up and weighing right away, including AC adapters for both the scale base and the display. The PZ series runs on standard off-the-shelf AA batteries (not included).

FEATURES

- Wireless Connection Between Scale Base and Indicator
- Large 1-inch-high LCD readouts
- Pushbutton and hands-free tare
- Wave-a-Weigh Hands-Free Tare
- 14 in x 14 in stainless steel platform
- Uses Off-the-Shelf AA Batteries (not included)

- Wall-Mounting Bracket for Indicator

HANDS-FREE TARE

The PZ series features Wave-a-Weigh hands-free tare to remove the tare weight without ever pushing a key. This exciting feature allows quicker and cleaner food prep in a busy commercial kitchen via the photo eye for touch-free tare functionality.

CUT THE CORD ON THE TIES THAT BIND

If you are always wrestling with display cords and power supplies that get in the way on your food prep table, then DETECTO's PZ series scales are for you! You have nearly unlimited mounting options for the versatile remote display, and you can place the scale base anywhere, since they are connected wirelessly.

This provides you with the ultimate in freedom for setting up your prep station for portioning, batching, and general food weighing. You can build your food product directly on the scale using the helpful hands-free tare photo eye to measure each step of the process.

MOUNTING BRACKET

The display can be easily positioned wherever it's best viewed for your food prep operation, regardless of the constraints inherent in a scale with cable. You can lay the display on a tabletop for portable use or mount it permanently against a flat wall. The display comes with a built-in mounting bracket on the back for easy wall-mounted installation (two screws and mounting anchors included
