## Features

Whatever your need in a top-loading dial scale, Detecto has a model to handle the job. The Detecto T Series comes in a variety of capacities listed below with your choice of stainless steel or enamel finishes. An easy-to-clean surface, sturdy construction, stability, convenient viewing angle, and easy readability make these attractive top loaders an ideal choice for your weighing needs.

Whether the operation is checkweighing food portions in a fast-food restaurant, formulating paint mixtures by weight, verifying parcel weights in a shipping department, portioning in service areas, or counting by weight, there is a Detecto Top Loader right for the task.

Detecto T-100 and T-200:

Extra-large, high-capacity top loading dial scales well-suited for shipping and receiving departments. Built to take constant use, these models feature temperature compensation which assures accurate readings in fluctuating temperatures. With your choice of chrome-plated steel platforms in 11.5 (292mm) and 15 (381mm) square sizes, these large capacity top loaders are ready for weighing large items.

Detecto T-KP Series:

The Dual Reading TKP Series comes in a variety of capacities listed below which show

simulataneous readings of pounds and kilograms. An easy-to-clean enamel finish, sturdy construction, stability, convenient viewing angle, and easy readability make these attractive top loaders an ideal choice for your weighing needs.

Whether the operation is checkweighing food portions in a fast-food restaurant, formulating paint mixtures by weight, verifying parcel weights in a shipping department, portioning in service areas, or counting by weight, there is a Detecto Top Loader right for the task.

Detecto T50-KP:

Detectos high-capacity T50KP Top Loading Dial features a dual-reading, extra-large dial which show simulataneous readings of pounds and kilograms. An easy-to-clean enamel finish, sturdy construction, stability, convenient viewing angle, and easy readability make these attractive top loaders an ideal choice for your weighing needs. The 13 (330mm) stainless steel platform is roomy enough for large packages in a shipping and receiving department.
