## Features

### Battery Power, Rugged Construction and Printer Interface

The Series III Bench Scale features an internal, rechargeable battery which makes it an optimum choice for outdoor produce weighing applications. It is also a heavyweight in industrial settings with its heavy-duty, double tubular, base design, industrial-size stainless steel platforms, and RS232 printer port. Like its sister scale, the Series II, the Series III can fulfill many weighing requirements and offers the accuracy and dependability that has stood behind every Fairbanks Scale since the company's founding in 1830.

- A 6-digit LCD display with large numeric readout and back lighting makes viewing easy in low light.
- Eight programmable buttons: Units, Zero, Tare, Function, Number of Parts, On, Off, Print.
- An RS232 port for quick printer connection is a standard feature.
- Industrial stainless steel platforms are easy to remove for sanitation.
- Welded, double tubular base for strength and durability.
- Fully-charged battery provides more than 48 hours of continuous use!
- Indicator has 75 degree tilt for operator viewing flexibility.
- Blue, protective liner can be removed for total stainless surface.
- Load cell designed for premium performance.

### COMMERCIALY RATED SCALES

The Series II & Series III Bench Scales are NTEP and MC\* approved for legal trade in the U.S and Canada.

**Résolutions** 3,000d commercial;  
Selectable non-commercial

**Indicator** Tilt adjust, full digital calibration,  
auto zero, counting

**Indicator pillar** Lowers around platform for easy portability

**Indicator rating** IP 54

**Units.** Pounds, kilograms

**Power requirements** 110-120 VAC, with 9V/500 mA AC Adapter

**Battery** Lead-acid with built-in charger

**Creep** 0.05% (30 min.)

**Overload** Safe = 150%; Ultimate = 300%

**Platform Construction** 304 stainless steel

**Base Construction** Welded tubular, cast aluminum design

**Approvals** NTEP CC# 05-009;  
MC# AM-5618 (except 150 lb model)
