

PT300 DW Scales are sturdy, portable and compact. Lightweight and accurate, this all-aluminum design is ideal for uneven surfaces double-wide for wider tire configurations and withstands most weather conditions. The PT300 DW is designed to maximize legal payloads with concerns for violations and reduction of maintenance due to overload stress on equipment.

This Item Contains the following items

[1 x Intercomp 181504-RFX - PT300DW \(Double Wide\) Wheel Load Scales with Solar Panels. 20.000 x 10 lb](#)

Manufacture: Intercomp
SKU: 100097RFX

Features

PT300 DW (Double Wide) Wheel Load Scales

Fully Integrated RFX™ Wireless Weighing Technology!

The PT300 DW scales are designed to maximize legal payloads with concern for violations and reduction of maintenance due to overload stress on equipment.

The PT300 DW is a sturdy, all aluminum, fully electronic, self-contained Double Wide wheel load scale that is capable of weighing loads up to 40,000lbs (20,000kg) with an accuracy of +/-1% and is available in double-wide configurations for wider tire configurations.

The scales are fully battery operated and only require infrequent recharging through 12V, 110V, or 220V power sources. Standard AA Batteries last up to 300 Hours in the Scales.

The display can be lit for night use and it is possible to sequentially couple and number PT300 DW scales in the series for the purpose of obtaining a total vehicle weight through the total button as well as link the scales to a computer, indicator, or Intercomps PT20™ Universal CPU.

Fully Electronic Design Uses Patented Shear Beam Load Cells

Push Button Controls Include On/Off, Local/Total, Zero & Print/Accum

- Accuracy of $\pm 1\%$ of Reading
- 5,000 lb (2,500 kg) to 40,000 lb (20,000 kg) Pad Capacities
- Large, Easy-to-Read, LCD Display
- Standard AA Rechargeable Batteries Last up to 300 Hours in Scales
