

These adapters provide a commonly accepted industry method of attaching fixtures to load cells and test frames. They prevent grip rotation and allow for quick removal and installation. Several thread sizes and variations are available to suit most common test frames, load cells, grips, and force gauges. Eye ends and adapters are available individually or in kits.

MARK-10®

Manufacture: Mark 10

 SKU: **G1084-2**

Weight: 1.00 lb
