Features

StarterPac SmartCal

Moisture Analyzer Test Substance.

Starter kit with all you need to verify the performance of your moisture analyzer: 12 SmartCal sachets, thermo-hygrometer, and full instructions.

Quick and Easy Performance Test

SmartCal verifies the performance of your moisture analyzer in a 10-minute test which is carried out in the same easy way as a regular measurement.

Documented Instrument Performance

Regular testing with SmartCal provides documented evidence of your instruments performance over time. Incorrect performance is immediately indicated.

Moisture Results You Can Trust

The SmartCal test instantly indicates adverse influences from the heating or weighing units. If the test is passed, you can trust your results.
