Features

OHAUS Block Heater accessories include modular blocks to accommodate almost any sample. Modular blocks feature close contact of tubes-to-walls allowing for maximum heat retention. Most blocks feature a thermometer well for measuring block temperature. Stainless steel sand baths are available for irregular samples when there is no block available. Low temperature covers help to reduce the air flow for additional temperature stability.

Applications

Incubation and Activation of Cultures, Enzyme Reactions, Immunoassays, Melting/Boiling Points, Isothermal Incubations, Nucleic Acid Denaturation, Drying Slides

Construction

Blocks are anodized aluminum, low temperature cover is made of clear Plexiglass®

Design Features

Blocks feature close contact of tubes-to-walls allowing for maximum heat retention. Most blocks feature a thermometer well.

- No. of Wells: 14
- Well Diameter (mm): 26.2, 13.8, 8.3
- Well Depth (mm): 48.4
