Features

OHAUS Block Heater accessories include modular blocks to accommodate almost any sample. Modular blocks feature close contact of tubes-to-walls, allowing for optimal heat transfer and maximum heat retention. Most blocks feature a thermometer-well for measuring block temperature. Blocks are anodized to resist corrosion and rust for long-term use in the lab. Low temperature covers help to reduce the airflow for additional temperature stability.

- **Type** Solid Block
- **Number of wells** 0
- **Size** 2 Block
- **Material** Aluminum Anodized
- **Thermometer Well** No
