FEATURES

- Hot Top Indicator illuminates when top plate exceeds 40°C. CoolTouch chemical-resistant housing. If motor stops, heater turns off. Speed slowly increases for enhanced coupling - reducing splashes.
- Control knobs allow for easy input of temperature which is easily repeatable in the LED display. Speed knob has rpm adjustment markings. Recall Last Temperature button displays last used temperature.
- 178 x 178mm and 254 x 254mm ceramic top sizes are available for both heating and stirring. When you simply need to heat or stir or both, individual models are available in 178 x 178mm tops.
