Features

When it comes to versatility, the OHAUS Starter Series of Portable Meters are second to none. With an IP54-rated protective casing shielding the meter from water and/or dust damage, the compact and ergonomically design is adaptable for a wide array of environments. Highlighted by up to 250 hours of operation time and 30 sets of memory data, the Starter Portable Meters make for the most reliable lab partners, whether inside or out.

Portable Meters Packed with Productive Features

The Starter Series of portable water analysis meters was created with versatility in mind. They can be operated in the lab with the support of the built-in stands or in the field thanks to their lightweight design. With a clear, well-organized LCD screen and five clearly marked keys, utilizing the Starter Series is simple for novices and professionals alike. The portable Starter Series also boasts IP54 protection which shields the meter from damage by water and dust particles and it also offers an integrated labeling area which can be customized for quick identification. Each meter can store 30 sets of data memory and has the ability to quickly recall calibration data and stored information with one quick touch.

Starter 300D-B

Starter 300D-B provides accurate and reliable dissolved oxygen measurement that is critical to aquatic life and water quality.

FEATURES

- Each time the meter is calibrated, icons appear on the display to confirm the accuracy of the calibration process so you can ensure accurate measurements.
- Push-button toggling between ppm, mg/L and percentage.
- The galvanic electrode can be used immediately after being powered on without the wait time typically associated with dissolved meters.

This package includes...

- 300D Dissolved Oxygen Meter with IP54 Sets
- Electrode Clip
- Wrist Strap
- 4 AAA Batteries (Electrode not included)

After more than a century of perfecting the art of measurement through our durable weighing products, OHAUS precision is now available in the form of a portable dissolved oxygen meter. This portable meter offers convenience, reliability and durability in one compact design.
