

No matter what you're weighing, the new Entris® II is always the right choice. Offering unrivalled value at a budget price, this is the only balance in its class featuring isoCAL, LED touch technology and 12 builtin applications. Backed by almost 150 years of German engineering expertise, and available in 40 different models, you'll easily find an Entris® II balance that exactly meets your specific weighing needs. Entris II BCE223-1S Milligram Balance with Internal Calibration 220 g x 1 mg

Capacity x Readability 220 g x 1 mg

Pan Size 120 mm (Diameter)

SKU: BCE223i-1S Weight: 8.00 lb Free Ground Shipping within the 48 continental US States

Manufature: Sartorius

Please Call (800)832-0055

Features

Entris® II Laboratory Balances

Entris® II — Best Value in its Class for Basic Weighing Tasks. Every Sartorius balance offers quality, value and consistency

No matter what you're weighing, the new Entris® II is always the right choice. Offering unrivalled value at a budget price, this is the only balance in its class featuring isoCAL, LED touch technology and 12 builtin applications. Backed by almost 150 years of German engineering expertise, and available in 40 different models, you'll easily find an Entris® II balance that exactly meets your specific weighing needs.

Quality, Value and Consistency For accurate weighing results you can trust time after time

Highest quality standards engineered in Germany

- Highly accurate results year in and year out -- guaranteed via monolithic weigh cell technology invented by Sartorius*
- Fastest stabilization time in its class -- using state-of-the-art weighing sensors

• Best repeatability -- with rectangular weighing pan

- Overload protection -- rugged design weighs up to a pre-set amount
- Guaranteed reliability -- with the self-test "@start"
- Made in Germany

Easy clean for operational efficiency and durability

- High chemical resistance -- ensured using parts made from hard-wearing polybutylene terephthalate (PBT), stainless steel and glass
- Prevents cross contamination -- with wipe clean design and easy-to-remove parts

Effective draft shield

· Minimizes weighing errors caused by electrostatically charged samples -- using specially coated glass parts

Innovations in this Weighing Class For efficient, user-friendly operation

• isoCAL (internal calibration and adjustment) for total assurance of accurate weighing results

- Optimal accuracy and operating convenience -- using fully automated internal temperature and time-controlled calibration and adjustment feature, unique in this weighing class
- Assures (SOP) compliant operation -- with self-notification if calibration is outside the normal range

· Hybrid screen for excellent readability and use

Combines intuitive, wear resistant LED and touch technology -- provides an easy and clear structured user interface

Plug-and-play convenience

- Automatically detects Sartorius accessories (e.g. printer, second display)
 Real "PC-direct feature" for easy connection to a PC to transfer weighing data directly into spreadsheets or documents such as Microsoft® Excel or Word
- Data output for dynamic weighing applications
- Configurable time interval for data output
- Easily adapts to your ambient conditions
- With just one click on the home screen
