Detecto MV1 MedVue Medical Weight Analyzer Indicator

DETECTO's USA-made MedVue® medical weight analyzer is utilized on select clinical scales. The MedVue® features a striking blue 3.5-in-wide by 3-in-high backlit LCD display screen with nearly 1-in-high weight digit readouts for easy visibility. The MedVue's 350-degree swivel mounting bracket allows the display to be tilted and rotated into position wherever it is the most convenient for the medical professional and/or patient to view. A host of other benefits include 14-digit patient ID which may be entered via the alphanumeric keypad, 99 stored tare weights, 200 stored transactions, 1LOOK display, and four different languages available in set-up (English, Spanish, French, and German). The MedVue® offers a host of both wired and optional wireless connectivity for sending measurement data to

Versatile Connectivity - DETECTO's USA-made MedVue medical weight analyzer offers a host of different options, both wired and optional wireless, for DETECTO scales to connect with multiple devices for efficient EMR/EHR. Connect with:

- Printers
- PCs
- Networks
- Tablets
- Bar Code Scanners
- Even Mobile Phones

BENEFITS OF WI-FI CONNECTIVITY - DETECTO's MedVue offers optional Wi-Fi connectivity with up to 20 ft. range (varies depending upon environmental conditions). Wi-Fi offers a number of benefits over Bluetooth, including greater range and security.

Almost every MedVue port may be used simultaneously (with the exception of Ethernet and Wi-Fi connections). For instance, a printer could be connected to the serial port, PC connected to the USB port, while a tablet is connected via Wi-Fi all at the same time. DETECTO's model P50 printer offers plug-and-play compatibility with the MedVue

350-Degree Swivel Mounting Bracket - Enjoy freedom of movement wherever you need to position the display with the MedVue's 350-degree tilt-and-swivel mounting bracket.

EASY SET-UP NAVIGATION - DETECTO's MedVue indicator features a tiered menu system with up/down navigation controls to quickly update any settings you wish to change, such as converting to kilograms-only weighing or lowering the backlight intensity to make the batteries last longer

MULTIPLE LANGUAGE SETTINGS - DETECTO's MedVue features user-prompting in four different languages:

- English
 - Spanish
 - French
 - German
- 14-Digit Patient ID
 - 350-Degree Swivel Mounting Bracket
 - 6 AA Batteries (not included)
 - 99 Stored Tare Weights
 - BMI Calculation
 - EMR/EHR Ready
 - Made in USA Quality
 - Nearly 1-in-High Weight Readouts
 - NTEP Legal for Trade
 - RS232 Serial and USB Ports Standard
 - Sturdy Steel Construction
 - Wi-Fi and Ethernet Optional
