Features

DETECTO's Mariner® IP67 washdown portion control scale is submersible underwater for easy clean up that is necessary in messy food service industry applications. The NSF-certified stainless steel scale offers a dual power source of rechargeable battery power or 120V AC adapter (included) with a watertight AC plug on the side. The model WPS12 Mariner® features an audible Over/Under alert and the clearly-visible 1.2-in/30-mm-high backlit blue LCD display offers large 1-in/25-mm-high bold digits. The compact scale takes up only a conservative amount of counter space: 7.5 in W x 9.75 in D / 190.5 mm W x 247.5 mm D.

- Instantly Displays Weight in Both Decimals and Fractions
- 1.2-in/30-mm High Backlit LCD
- High/Low Checkweighing with Audible Over/Under Alert
- Tare Function to Remove the Weight of a Food Container
- Toggle Through Six Different Weight Capacity Display Options

DETECTO's Mariner® Portion Scale is a water resistant kitchen scale with a completely-sealed design

The all-stainless steel body prevents corrosion and keeps water from reaching its more delicate working parts

RETAIL PACKAGING - The Mariner comes in visually-attractive English/Spanish retail packaging to gain attention on highly-competitive store shelves

The WPS12 features an audible Over/Under alert for checkweighing and the clearly-visible 1.2-in/30-mm-high backlit blue LCD display offers large 1-in/25-mm-high bold digits. Settings can be adjusted for gravity compensation

RECHARGEABLE BATTERY The NSF-certified stainless steel scale offers a dual power source of rechargeable battery power or 120V AC adapter (included) with a watertight AC plug on the side. The automatic shutoff feature helps conserve battery life. (AC adapter and watertight rechargeable battery come with the Mariner®)
