

Doran DS7100-HR-232 Handrail Scale with Height Rod and RS-232 1000 x 0.1 lb

Accuracy, patient safety, and portability have all been engineered into the Model DS7100 Handrail Scale. Moving the scale from room to room takes very little effort, as the scale only weighs 30 pounds. Simply tilt the scale back on the two built-in, non-marking wheels and roll the scale to its new destination.

This Item Contains the following items

1 x Doran DS7100-HR Handrail Scale with Height Rod 1000 x 0.1 lb	1 x Doran DS7100-232 RS232 Port and 9 pin Cable Factory Installed for DS7100
--	--

Manufacture: Doran
SKU: **DS7100-HR-232**

Features

Accuracy, patient safety, and portability have all been engineered into the Model DS7100 Handrail Scale. Moving the scale from room to room takes very little effort, as the scale only weighs 30 pounds. Simply tilt the scale back on the two built-in, non-marking wheels and roll the scale to its new destination. The non-skid surface on the large low-profile base and the ergonomically designed handrails have been designed with the safety of unsteady patients in mind.

For busy workflows weighing a stream of patients, Doran's Touchless Start feature acquires a patient's weight in as little as two seconds without any buttons to press. Simply have the patient step onto the DS7100 platform and an accurate weight up to 1,000 pounds will be held on the display. Our exclusive Weight Lock feature allows an accurate weight to be held regardless of a patient's motion

The Reweigh feature allows a second weight to be acquired while the patient remains on the platform. Last Weight allows the previous weight and BMI value to be recalled after the patient has left the platform for later recording. To calculate BMI, enter the height using the scroll buttons, press the BMI button and the patient's Body Mass Index is instantly displayed.

Modeles With USB and RS-232 communications options allow the recording of a patient's weight and BMI value into a PC based Excel Spreadsheet with the optional Excelerator software. Patient data can also be sent to an optional printer or EMR system

Specifications

Model	DS7100	DS7100-232KT	DS7100-USBKT
Capacity x Readability	1000 x 0.1 lb - 454 x 0.05 kg		
Computer Interface	-	RS232	USB
ACCURACY	+/- 0.1 lb (0.05 kg)		
DISPLAYED UNITS	lb, kg		
PLATFORM SIZE	22.5" W x 20.5 " D x 2" H		
SCALE DIMENSIONS	25" W x 29 " D x 46" H		
CONTROLS	Zero, LB, KG, Last Weight, Reweigh, and BMI		
DISPLAY	1" High LCD		
POWER	Six AA Batteries (Included)		
BATTERY LIFE	One Years		
BMI CALCULATOR	Input Data in FT/IN or CM		
WARRANTY	Three Years
