## Tanita HR-200 Wall-Mounted Height Rod

Tanita introduces the next breakthrough in stadiometers, with its brand new wall-mountable height rod, the HR200. From its high-quality aluminum construction, to its durable ABS plastic, this easy-to-mount height rod is simple-to-use and built for many years of service. Mounting is effortless and can be done within minutes - just place the pillar on the floor, positioned against the desired wall, and install with the included hardware. The HR200's innovative modular design allows for years of serviceability, should it ever be required. Plus the retractable design and folding headpiece stores in a compact footprint when not in use.

This easy-to-read height rod measures from 25" to 84" (64 cm to 214 cm).

Tanita has long been the professional's choice for medical height measurements, due to our long-trusted accuracy and reliability.

New Design! This easy-to-mount height rod is simple-to-use and built for many years of use. Plus, the retractable design and folding headpiece stores in a compact footprint when not in use.

- Wall mountable height rod
- Made with high-quality aluminum
- Easy to install – no measuring required! (hardware included)
- Range: 2'1" - 7' (25" - 84") (64 - 214 cm)
- 1/4" (0.5cm) graduations

1-year limited warranty
